Proposal for Veterinary Services at KAUST

This proposal outlines the veterinary services designed to support KAUST's mission of advancing animal health and well-being. Our goal is to provide high-quality care and support for the animals at the community.

Royal Pet Veterinary Clinic was established in 2010 as a single office and showroom with a limited number of staff. With every year, the clinic grew steadily and is now recognized as one of the most reputed clinics in Saudi Arabia. The clinic has over 50 employees including 6 veterinarians, 6 assistant vets and 5 Groomers.

Since then, we dedicate to provide the highest level of veterinary medicine & grooming service along with friendly & compassionate service at affordable prices. We believe in treating every patient as if they were our own pet and giving them the same love and attention and care. We are a group of highly trained, experienced animal lovers who are devoted to giving our patients the best care with love.

In the following sections, we will detail the pricing structure necessary to implement these services, with all prices including VAT to ensure clarity.
